

Safety and Health Policy

Everlight Chemical realizes that occupational safety and health are the foundation of business operations, and the responsibility falls on all employees. We define Everlight Chemical Safety and Health Policy as :

Reverse Life and Pursue Zero Incident

And adopt the following strategies:

1. Establishing and continuously improving ISO 45001 Safety and Health Management System.
2. Providing safe and healthy working conditions.
3. Complying with legal and other requirements.
4. Eliminating hazards and reducing OH&S risks.
5. Facilitating OH&S consultation with and participation of workers.
