

Occupational Safety and Health Policy

Everlight Chemical recognizes that occupational safety and health are fundamental to business operations and a shared responsibility of all employees. To cultivate a people-centered safety culture and achieve workplace sustainability, we establish the following policy:

Revere Life and Pursue Zero Incident

And adopt the following strategies:

1. Establishing and continuously improving ISO 45001 Safety and Health Management System.
2. Complying with OH&S regulations and other requirements.
3. Providing safe and healthy working conditions.
4. Eliminating hazards and reducing OH&S risks.
5. Facilitating OH&S consultation with and participation of workers.

Chairman of the board
